3. Register using the link below to get a zoom link for Session 5

<https://ucsf.zoom.us/meeting/register/tjclfuGhrToqGNef9lvpXNraLDZgPIZhoAfe>

This session will provide dental providers and their support personnel with a comprehensive demonstration of designing and implementing dental offices using an oral health equity lens with an example of the Oral Health Center for People with Disabilities at New York University and Canada. It will also help the learners understand how to design and implement a patient-friendly dental practice for people with physical, developmental, and cognitive disabilities from a San Francisco Dentist's perspective.

If you have any questions, please email Dr Karen Raju at karen.raju@ucsf.edu
